THE PURPOSE

The purpose of the Oxford Scholars Program at Cardinal Newman High School is to further the school's mission of promoting academic rigor and fostering lifelong learning as well as to fulfill our vision of "building life's champions" through a college preparatory program that values traditional liberal arts.

Students at Cardinal Newman will endeavor to embrace both Lux et Veritas (Light and Truth) in their pursuit of scholarship, and in the spirit of the school's patron, discover and exemplify a balance between independent thinking and respect for moral authority. The Scholars Program will complement Newman's mission of educating the whole student in spirit, mind, and body and arm its members beyond secular and intellectual enlightenment to serve as emissaries in the local and international community as the Twenty-First Century embodiment of St. John Henry Newman's ideal university graduates.

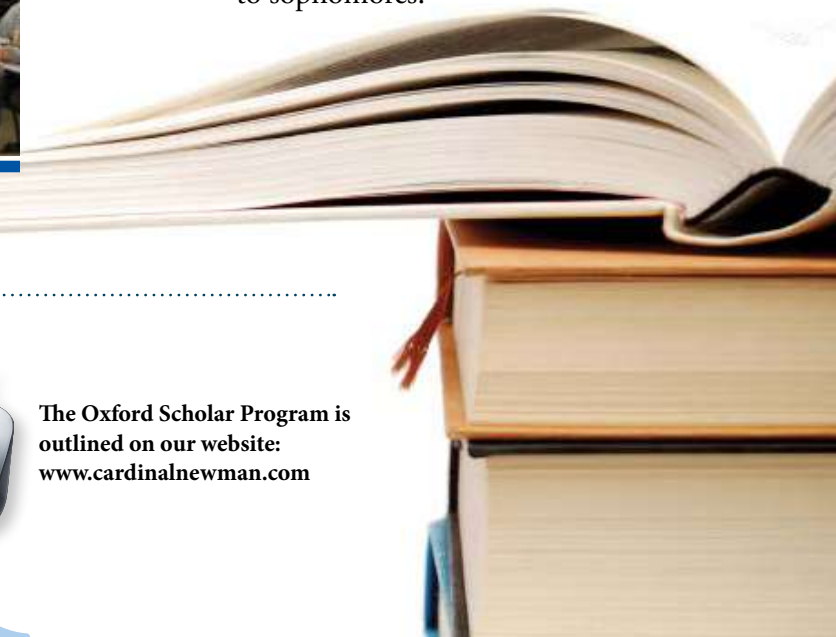

BENEFITS OF THE PROGRAM

- A highly competitive and integrated program of study that provides a well-rounded college preparatory education with the ability to engage in rigorous academic courses including AP, Dual Enrollment, and Honors courses.
- Four-year scholarships may be awarded to recipients who qualify for the program.
